SKILLS

- **Languages:** C++, Java, C, Javascript, python
- **Framework:** Html, CSS
- **Tools/Platforms:** Amazon Web Services, Apache Cloud Stack, Kubernetes, Docker, MySQL
- **Soft Skills:** Mentorship, Logical Reasoning, Collaborative, Social Skills, Project Management

INTERNSHIP

Core And Advance Java Internship, Board Infinity

June'24 – July'24

- Designed a web-based login application using Java Servlets, JSP, and MySQL to implement secure user authentication.
- Integrated MySQL database to store and retrieve user credentials, ensuring efficient data management and security.
- Utilized Java Servlet and JSP technologies to create dynamic, scalable, and maintainable web pages for the authentication process.

PROJECTS

Vehicle rental System(Feb2025)

Developed a peer-to-peer vehicle rental platform that connects local vehicle owners with delivery riders, integrating AI-powered matching and secure digital key access. The system enhances vehicle utilization and ensures transparency with blockchain-based trust management.

Tech: Flutter, React.js, Node.js, Django, PostgreSQL, Firebase, AI, Blockchain, AWS.

Coffee website

Developed a responsive coffee e-commerce website that allows users to browse, customize, and order specialty coffee online. Integrated secure payments, real-time order tracking, and a personalized recommendation system for an enhanced user experience.

Tech: React.js, Next.js, Node.js, Firebase, PostgreSQL, Stripe, Tailwind CSS, AWS.

Disaster Management System (Sept 2024)

Developed a real-time application to assist users during disasters by managing supply-demand records, resource distribution, and emergency notifications.

Enhanced response efficiency by 40% through optimized data handling and real-time updates.

Tech: HTML, CSS, JS, ML

CERTIFICATION/CERTIFICATE

- | | |
|---|-------------------|
| • Social Networks by Swayam NPTEL | July'24 – Oct'24 |
| • Core and advance java by Board infinity | June'24 – July'24 |
| • Prompt Engineering by Coursera | 12 Apr'24 |
| • Data Structure and algorithms | 31 Jan'24 |

ACHIEVEMENTS

- Created a Disaster Management project for Smart India Hackathon and got selected in top 30 among the 500 teams from the University.
- Participated in Inter hostel sports competition and won gold and silver medals.

EDUCATION

- | | |
|--|--|
| • Lovely Professional University
Bachelor of Technology - Computer Science and Engineering; CGPA: 7.39 | Phagwara, Punjab
Sept '22 – July'26 |
| • Rishikul Vidyapeeth Sonipat
Intermediate: Percentage 91.0% | Sonipat, Haryana
Apr '20 – Mar '21 |
| • Rishikul Vidyapeeth Sonipat
Matriculation: Percentage 91.0% | Sonipat, Haryana
Apr '18 – Mar '19 |
